

**Take your Travel Business Online  
And Expand Your Brand Reach**

**trawex**<sup>®</sup>  
Earth's Travel Technology Platform

**Solutions for Everyone**, all travel management companies, tour operators, business travel companies, large and small travel agencies as well as online travel agencies can take advantage of our B2B registration, B2C platform, White Label, XML API, etc.

**Product & Service Access**, admin can define each agent's product and service access on multi-service / product B2B travel portals. i.e. – Flights, Hotels, Transfers, Sightseeing, Car Hire, etc.

**Special Agent Structures**, further to mentioned types of rules and logic, B2B portal can be customized to define your own separate business rules, commission and markup structure for agents.

**Money-efficient**, travel agency portal helps in saving the time and cost for business by reducing manpower and physical setups and bringing more of an entire business on a user's phone. Since the day's travel portal has come into existence our solution has helped numerous agents in bringing cost-effective solutions to their business and further to improve efficiency.

**Create Endless Agents** without any restriction, can create unlimited credit and deposit agents. An agent can sign up through sign-up form or super admin can create them directly.

**B2B Agent Reports**, these reports will facilitate admin to see agent wise reservation details and product wise reservation details (Reservation details for a particular hotel or reservation for an airline, etc.)

**Agent Management Facility**, the system will allow admin user to create, modify and delete agent users by using this functionality. Also, can edit agency details, profit mark-up, net/-floating deposit amounts, credit limits, etc.

**Real-time Access**, a user can easily get real-time access to prices of flights, hotels, car rental services, and even the entire holiday package. Similarly, a travel business can get real-time access to the volume of users who are booking during peak and non-peak season which helps in providing better business analysis.
