

**Take your Travel Business Online
And Expand Your Brand Reach**

trawex[®]
Earth's Travel Technology Platform

Minimal Time-to-Market, B2C System offers self-sufficient solution helping you cut both development costs and effort with its advanced back office and other components. Thanks to this, you can launch your own B2C booking engine in almost in no time.

Rapid Implementation that can be instantly deployed world-class scalable and agile enterprise digital platforms that amaze your customers. We fully implemented our software at root level of your organization, so you can handle your entire business quickly and easily.

Matchless Quality, we create websites with matchless quality, huge creativity and innovative ideas that assist in lead generation, high ROI and swift business growth. As we are leading the industry with high-quality development services, we are bound to serve our clients the best in the industry.

Targeted Content for Each Customer Segment, with the multitude of portals run on your single B2C travel booking engine, you can approach each of your customer segments separately with highly tailored content and offers. This will bring in more sales efficiency and boost your total conversion rates.

More White Label Websites, More Sales with our module, you can let your agents create an unlimited number of B2C portals to redistribute your travel products. Distinguished by design, content, and audience, these websites can greatly expand your digital presence and reach.

Direct Bookings helps you to build and control your OTAs brand as you interact and engage with your guests before, during and after their stay with you. Grow your direct booking revenue with our powerful B2C travel booking system.

Plan Your Resources using online travel booking software will also help you to plan your resources more efficiently. Better planning of resources will prevent time delays through staff shortages and enable you to keep your customers 100% satisfied.

Integrations, we are specialized in integrating multi-platform systems saving you valuable time in integration design and development that provide end-to-end solution directly linked with all your client business processes.

About us

Trawex is an international travel technology company and tailor-made software solutions provider that works with (B2B, B2C, B2B2C) travel companies across the globe. It enables you to stand out in the marketplace and drive the changes in the sector, be independent and have the power to enable your own strategy. We serve travel companies from 50+ countries across four continents. Trawex platform is powered by 100+ suppliers across, flight, hotels, car, sightseeing, vacations and other ground services providing travel technology solutions to travel agencies, B2B wholesale companies, tour operators and DMC Companies.

Trawex offers online travel sales channels B2C, B2B, B2E, B2B2C and B2B2B travel portals, and these B2C travel portals can incorporate to various APIs for flights, hotels, cars, buses for real time inventory. We develop XML / API integrated travel websites for travel agents, tour operators, corporates and Start Up travel companies. We have tremendous experience in providing services to off-line travel agents. Trawex's B2C Portal system provides a sophisticated Internet-based Reservation solution which is designed to ensure solutions will be able to serve any size of Outbound Tour Operator in single or multiple office locations.

Trawex's B2C Booking Engine allows your guests to directly book travel deals online without intervention of other tour operators or travel agents. We have XML integrations with over 50+ suppliers which offer your customers a wide range of options to select from. Consumers can book domestic and international travel products using any device at any time. Our responsive and user-friendly online travel portal enhances your clients' booking experience. You can integrate multiple GDSs and third-party supplier's XML/API for Flights, Hotels, Sightseeing, Transfers, Packages, Travel Insurance and Car Rentals to your online booking engine to sell multiple products under one roof.

Complete Travel technology products and customizable solution provider that works with (B2E, B2B, B2C, B2B2C) online travel companies worldwide.

We strive to find customer centric approach and build long-lasting, mutually beneficial relationships with our clients.
