Reporting Module allows to fetch different type of reports such as revenue report, booking detail reports, etc. With the help of our solution, car rental companies process reports easily. So that, you can easily provide daily, monthly reporting and sales analysis.

World's Leading end-to-end travel technology solution providing your customers with access to more ground-based transport solutions in more cities than they will find anywhere else. Trawex is the world's leading B2B multimodal travel technology platform. We build partnerships for travel businesses such as airlines, online travel agents and accommodation providers by connecting their customers with car rental, private transfers and other connections all over the world.

About us

Trawex is an international travel technology products and tailor-made software solutions provider that works with (B2B, B2C, B2B2C) travel companies across the globe. It enables you to stand out in the marketplace and drive the changes in the sector, be independent and have the power to enable your own strategy. We serve travel companies from 50+ countries across four continents. Trawex platform is powered by 100+ suppliers across, flight, hotels, car, sightseeing, vacations and other ground services providing travel technology solutions to travel agencies, B2B wholesale companies, tour operators and DMC Companies.

Trawex offers inventories from multiple suppliers, which can be combined together into one comprehensive system. Along with this, we also offer a competitive solution for your business partners to enable their users to book an exceptional range of travel services. Our dynamic packaging solution enables your customers to build their own package of flights, accommodation, and car rental. Whether you are just starting a travel agency or a multinational travel enterprise, we have several product bundles available.

With the help of a car rental website and Car Rental Software, you can maximize the revenue by increasing your reach to customers. By offering a highly-customizable Car booking system and software, customers will be able to estimate quotes, live reservation and much more. Using our Travel Reservation System, any company can become a car hire distributor, whether they are a professional travel agency or an online travel portal. Regardless of your size and technical abilities, you may offer global car hire services via B2B, B2C, and B2B2C (affiliate) using our online car booking engine thus enhancing your capabilities.

The graphic also features several icons: a briefcase, a globe, a globe with a location pin, a plane, a car, and a plane.

Complete Travel technology products and customizable solution provider that works with (B2E, B2B, B2C, B2B2C) online travel companies worldwide.

We strive to find customer centric approach and build long-lasting, mutually beneficial relationships with our clients.
