

## Reshaping the Travel Industry

**trawex**<sup>®</sup>  
Earth's Travel Technology Platform

**Multi-currency and Multilingual** supports in our system which is beneficial to expand your business all over the globe. You can sell your products to customers residing in different countries with the help of a multilingual and multi-currency travel portal.

**Increase Distribution** by integrating your inventory to more distribution channels, creating reseller logins so they can book directly and by creating your own marketplace for partnerships and promotions.

**Security**, we make sure data is available only to the right person and have implemented various security features that facilitate our clients to remain absolutely worry-free and focus only on increasing their business.

**Personalization** is another key factor in reaching more audience and driving sales. This allows travel businesses to learn their users' travel patterns and offer the right deals and discounts increasing their probability of locking sales.

**Tailored Solution** is provided for tours and activity businesses. We understand the challenges that your business faces, including managing your bookings, having very little time and the struggle to stand out from the crowd.

**Customization**, every travel business is unique in its way and we, at Trawex, understand it. Our travel booking software is designed to be flexible and adapt to customers' needs. We offer all the latest features which can also be tailored and customized to a business.

**Accessibility** anytime, anywhere from a single console. The power of your comprehensive system is also available in a very intuitive user interface on the laptop or your mobile phone so you can always stay connected no matter where you are around the globe.

**Manage your Business and Streamline Operations** automates manual tasks such as email confirmations, tracking, and reporting which simplifies processes and unlock greater business execution, system integration, and standardization.

# About us

Trawex is an international travel technology company and tailor-made software solutions provider that works with (B2B, B2C, B2B2C) travel companies across the globe. It enables you to stand out in the marketplace and drive the changes in the sector, be independent and have the power to enable your own strategy. We serve travel companies from 50+ countries across four continents. Trawex platform is powered by 100+ suppliers across, flight, hotels, car, sightseeing, vacations and other ground services providing travel technology solutions to travel agencies, B2B wholesale companies, tour operators and DMC Companies.

Trawex offers inventories from multiple GDS and consolidators, which can be combined together into one comprehensive system. Along with this, we also offer a competitive solution for your business partners to enable their users to book an exceptional range of travel services. Our dynamic packaging solution enables your customers to build their own package of flights, accommodation, and car rental. Whether you are just starting a travel agency or a multinational travel enterprise, we have several product bundles available.

By integrating Trawex Sightseeing Booking System you'll be in a position to supply your clients with comprehensive things to do inventory. The reservations module provides advanced functionality to search & book, manage customer profiles, promotions, automatic email and SMS notifications, and social network integrations. You also have the ability to make ancillary revenue by packaging with other travel products such as hotels, cars, attractions, and flights.

Trawex reservation engine is linked with a number of consolidators and aggregators to provide you the option to find suppliers well fitted for your requirements. Offering sightseeing from the best available resources, good value for money would make your existing customers and new customers come to your portal again and again. By choosing Trawex as your travel platform provider, you will considerably expand your online travel booking operations and generate income up to several times more, than you do now.

Complete Travel technology products and customizable solution provider that works with (B2E, B2B, B2C, B2B2C) online travel companies worldwide.

We strive to find customer centric approach and build long-lasting, mutually beneficial relationships with our clients.
