

**Meet travelnext.**  
**Strengthening travel organizations to do heroic work.**

An Award-winning online travel booking engine empowering online travel agents around the world with B2B, B2C, and B2B2B Booking Engines. Travel Next comes pre-integrated with more than 100 world's leading aggregators and GDS.

**Intelligent User Experience Interface** gives you access to accommodations, rentals, activities, packages, flights, car, transfers, sightseeing and much more, and automatically shows prices in different currencies, applies discounts to your loyal customers.

**Manage and Sell Your Inventory** to elevate your travel business, a comprehensive travel inventory system offers flights, hotel, car, transfers, etc. It enables travel business to operate seamlessly and distribute their services to a wider audience.

**Custom Markups and Advanced Commission Management** allows travel agents to book through the online B2B channel. The system keeps track of commissions and agency account relationships. The agent can further markup the rates and sell it.

**Customer Management Module** helps to improve customer service to empower your clients by giving them what they need. With this tool, you can enhance customer experience while also increasing the business overall efficiency.

**Own Inventory Management System** for hotels, flights, car, packages, events, and excursions enables travel businesses to manage their inventory, operations and selectively distribute their niche content to a target audience.

**Online Travel Agency Management Software:** Book, manage and report all business travel with a back-office system linked to a powerful reservation platform which helps travel agency, tour operator and DMC companies to solve their business challenges.

**Manage your Business and Streamline Operations** automates manual tasks such as email confirmations, tracking, and reporting which simplifies processes and unlock greater business execution, system integration, and standardization.

**Static Package and Itinerary Builder** manages all your tour bookings, luxury packages, group departures as well as customized packages. It allows you to design tour packages, apply business rules and sell them via multiple online distribution channels.
